Troopers Investigating Taxi Cab Robbery- Seek Publics Assistance

Claymont – Delaware State Police are investigating the attempted armed robbery of a taxi cab driver that occurred New Years Day, and are asking for the public's assistance in identifying and locating the three suspects.

The incident occurred at approximately 9:06 p.m., Monday, January 1, 2018, in the 2500 block of Philadelphia Pike, Claymont, as the 55 year old cab driver was transporting three

male suspects. While the vehicle was still in transport, the driver asked the suspects, who were all occupying the back seat, how he was going to be paid. At this time, one of the suspects displayed a large knife and demanded money from the driver.

The driver immediately slammed on his brakes, causing the armed suspect to fall forward into the front seat. After coming to a complete stop, all three suspects exited the vehicle and fled on foot, eastbound across Philadelphia Pike, without obtaining any money or property. The driver was not injured as a result of the incident.

Through investigative measures Troopers were able to positively identify Ismael Ramos, 32, of Vineland New Jersey, as the suspect who originally called for the cab, and as one of the passengers at the time of the robbery. Ramos is pictured in the above mugshot.

Delaware State Police Troop 3 kicks off "STaRS" Program

Kent County– The Delaware State Police Troop 3 in partnership with the Caesar Rodney School District kicked off its new pilot program called STaRS, "State Troopers actively Reaching Students"! The event took place today at the Allen Frear Elementary School located in Camden.

The event was a huge successes including a collaboration of Troopers from various units as well as Delaware State Police Troop 3's Commander, Captain Joshua Bushweller. It was a great opportunity for troopers to engage in positive conversations with students during their lunchtime. The students were extremely receptive in speaking with the Troopers and it provided them the opportunity to forge lasting relationships with the Law Enforcement community. Captain Bushweller stated, "The STaRS program is a wonderful opportunity for our troopers to reach elementary aged students in nontraditional law enforcement means. The program is aimed to foster an inclusive environment that builds a better understanding of what law enforcement officers do, while also strengthening the

trust of the police. We accomplish this by uniformed troopers engaging in normal casual conversation and enjoying lunch with the kids.”

Troopers from Troop 3 will be visiting two elementary schools per week within the Caesar Rodney School District during the students’ lunchtime. The goal is that the STaRS program continues to be a success in which partnerships merge with Law Enforcement and other school districts throughout the entire state!

Troopers Urge Driving Safety During Forecasted Winter

Weather

Dover-Weather forecasts currently indicate a winter storm that will impact the region beginning this evening and lasting into the next day. The possibilities of heavy snowfall, including a wintry mix, are the dangers with this storm. This type of weather pattern can create treacherous conditions for motorists who are traveling along Delaware roadways.

Troopers statewide continue to plan and prepare for the forecasted winter storm, as they will be ready and available to patrol, assist disabled vehicles, and manage roadway incidents and hazards for the duration of the event. Most calls for service received by Troopers during winter storms are for vehicle crashes, disabled vehicles, and abandoned vehicles which cause a major problem for DelDOT snow removal equipment and for Troopers responding to emergency situations. Troopers strongly encourage motorists to postpone and avoid unnecessary travel.

Troopers urge all motorists who must travel to use extreme caution as road and weather conditions may change rapidly over the course of the event. Motorists should be prepared for snow-covered and slippery roads, along with strong winds and limited visibility which make driving conditions difficult. Use caution while driving when approaching intersections and off ramps, especially bridges and overpasses. Remember to reduce speed and increase following distance between vehicles. Allow ample time to reach your destination, allow extra space between vehicles, and keep vehicle headlights on to increase visibility.

This would be an excellent time to check your vehicle ensuring it is in good working order for the expected conditions. Fill up the fuel tank in advance. Check the windshield wipers, windshield wiper fluid, tire tread, battery life, etc. If you should have vehicle problems, be sure to stay with your

vehicle, as freezing temperatures can be life-threatening. Be sure to have an emergency kit in the vehicle consisting of a blanket, bottled water, snack, cell phone charger, and a flashlight
