Traffic Advisory – Troopers Investigating Fatal Motor Vehicle Crash – Update

Wilmington **–** The Delaware State Police Collision Reconstruction Unit is continuing their investigation of a two vehicle crash which claimed the life of a Newark man this morning.

The investigation thus far has determined that the crash occurred at approximately 5:34 a.m. this morning, Thursday,

September 14, 2017, as a 44-year-old Newark man was operating a 2008 Nissan Altima and was traveling in a southbound direction on I-95, approximately .5 miles south of Wilmington. For an unknown reason, the operator of the Altima lost control of his vehicle and veered to the right and then to the left. The front of the Altima then struck a concrete barrier before rotating in a counter-clockwise direction. It then came to rest in the roadway facing a northbound direction. Shortly thereafter, the Nissan was struck by a 2003 Toyota Camry, which was traveling on I-95 southbound in the left hand lane, and which was being operated by a 54-year-old Wilmington man. After the impact the Toyota caught fire, however, the operator was able to exit the vehicle before it became completely engulfed in flames.

The operator of the Nissan, who was not properly restrained at the time of the crash, was pronounced dead at the scene. His name is being withheld pending the notification of his next of kin. It is unknown at this time if impairment on the part of the victim was a factor in the crash. Excessive speed is not being considered as a factor.

The operator of the Toyota Camry, who was properly restrained at the time of the crash, was treated at the scene by New Castle County Paramedics. He was then transported to the Christiana Hospital where he was treated for his non-life threatening injuries.

This crash remains under investigation by the Delaware State Police, however, charges are not expected.

The southbound lanes of I-95 were closed for approximately six hours as the crash was investigated and cleared.

Troopers Investigating Crash

Involving Pedestrian – Update

Wilmington (19804) – The Delaware State Police continue to investigate a crash in which a pedestrian was struck that occurred yesterday evening near Stanton.

The investigation thus far has determined that the crash occurred at approximately 7:53 p.m. on Wednesday, September 13, 2017, as Albert Tisdel, 57, of Wilmington, was attempting to cross the westbound lanes of DE Rt. 4 (W. Newport Pike) in the area of Rothwell Drive, in a northbound direction. As Tisdel stepped into the roadway, he entered directly into the path of a 2003 Chevrolet S10 pickup truck, which was being operated by a 17-year-old Wilmington male, and which was traveling in a westbound direction on Rt. 4. The front of the pickup truck struck Tisdel, knocking him to the ground where he came to rest. The operator of the Chevrolet was able to bring his vehicle to a controlled stop at the scene.

Albert Tisdel was treated at the scene by New Castle County Paramedics. He was then transported to the Christiana Hospital where he was admitted in critical condition. Alcohol use on the part of Tisdel is being considered as a factor in this crash.

There were no other injuries.

The westbound lanes of DE Rt. 4 were closed for approximately 1.5 hours as the crash was investigated and cleared. The investigation into the crash by the Delaware State Police is ongoing.

Traffic Advisory – Troopers Investigating Fatal Motor Vehicle Crash

Wilmington – The Delaware State Police are currently

investigating a fatal motor vehicle crash which occurred this morning on I-95.

The initial investigation has determined that the crash occurred this morning, Thursday, September 14, 2017, on I-95 southbound in the area of Frawley Stadium and involves two vehicles. As a result of the crash, one subject has been declared dead at the scene. A second subject has been removed from the scene and has been transported to the Christiana Hospital. The extent of their injuries is unknown at this time.

The southbound lanes of I-95 have been closed to traffic. Commuters traveling into Delaware from Pennsylvania will be forced to use I-495 southbound as an alternate route. Commuters who access I-95 southbound south of the I-495 split and plan on traveling south through the city of Wilmington, will be diverted off of the highway at 4th Street.

The Delaware State Police Collision Reconstruction Unit is enroute to the scene and will assume the investigation. **More details will be released at the conclusion of the investigation.**

If you or someone you know is a victim or witness of crime or have lost a loved one to a sudden death and are in need of assistance, the Delaware State Police Victim Services Unit/Delaware Victim Center is available to offer you support and resources 24 hours a day through a toll-free hotline

1800 VICTIM-1. (1800 842-8461). You may also email the unit Director at debra.reed@delaware.gov <mailto:debra.reed@delaware.gov.

Troopers Investigating Crash Involving Pedestrian

Wilmington (19804) **–** Delaware State Police are currently investigating a serious motor vehicle crash involving a pedestrian that occurred this evening near Stanton.

The initial investigation has determined that the crash occurred at approximately 7:54 p.m. this evening, Wednesday, September 13, 2017, on westbound DE Rt. 4 (W. Newport Pike) at Rothwell Drive, and involves a motor vehicle and a male pedestrian. As a result of the crash, the pedestrian has been removed from the scene and transported to the Christiana Hospital with serious injuries. The operator of the motor vehicle remained at the scene. It is unknown if they were

injured at this point.

The westbound lanes of DE Rt. 4 at Rothwell Drive are currently closed at this time and commuters should find alternate routes of travel around the scene.

The investigation into this crash is in its early stages. More information will be released at the conclusion of the investigation.

Update State Police

Investigating Serious Crash North of Milton

Milton – The Delaware State Police are continuing to investigate a serious crash that occurred north of Milton earlier this afternoon.

The incident occurred around 3:30 p.m. Wednesday September 13, 2017 as a 26-year-old Milton man was operating a 2010 Chrysler Sebring northbound on Coastal Highway (SR1) approaching the intersection at Reynolds Road. A 73-year-old Milford man was operating a 2017 Blue Bird school bus and was stopped in the median crossover at the intersection waiting to turn northbound on SR1. For unknown reasons, the Chrysler exited the west side of the roadway and entered into the grassy median while beginning to turn in a slight clockwise rotation. The Sebring then entered the crossover and the left side of the car struck the right side of the bus and partially under rode the bus before coming to a stop.

The 26-year-old operator of the Chrysler was entrapped in the car before being freed by firefighters from Milton Fire Company. He was initially transported by EMS to Beebe Healthcare and was later transferred to Christiana Medical Center where he was admitted in critical condition.

The 73-year-old bus driver and a 12-year-old male student from Mariner Middle School in Milton, were both checked out by medical personnel and were found to be uninjured in the crash. An 11-year-old female student that was on the bus, was not transported on scene, but later responded with her parents to Bayhealth Milford Memorial where she was being treated for an undetermined injury.

The State Police Collision Reconstruction Unit is continuing their investigation into this incident. Alcohol and drug

impairment to not appear to be a factor. No charges have been filed at this time. SR1 northbound at Reynolds Road was closed for approximately two and a half hours while the crash was investigated and cleared.
