Troopers Investigate Crash Involving a Pedestrian

Presented by Public Information Officer, Master Corporal Jeffrey R. Hale

New Castle (19720) – The Delaware State Police Collision Reconstruction Unit is currently investigating a fatal motor vehicle crash in which a male pedestrian was struck and killed last night in New Castle.

The initial investigation has determined that the incident occurred at approximately 10:33 p.m. on Monday, February 27, 2017, as an unidentified male pedestrian was attempting to cross the northbound lanes of US Rt. 13 (N. DuPont Highway), just south of Lisa Drive, in an easterly direction. As the male victim entered the right hand lane, he stepped directly into the path of a 2009 Hyundai Tuscon, which was being operated by Richard Newton, 55, of New Castle. The front of the Hyundai then struck the pedestrian. The force of the impact caused the victim, who was dressed in dark clothing and was not crossing in a marked cross walk, to be vaulted onto the windshield before falling to the ground where he came to rest in the right hand lane. Richard Newton was able to bring his vehicle to a controlled stop just north of the scene.

The male victim was treated at the scene by New Castle County Paramedics before being transported to the Christiana Hospital

where he was pronounced dead. His body was then turned over to the Division of Forensic Sciences where attempts to identify him will be made. It is unknown if alcohol or drug use on the part of the victim were factors in this crash.

Richard Newton, who was properly restrained at the time of the crash, was not injured. Alcohol use and speed on the part of Newton do not appear to be factors in the crash.

This crash remains under investigation by the Delaware State Police.

Troopers Arrest Newark Man after Investigation into Bullets Fired at House

Presented by Public Information Officer, Master Corporal Gary Fournier

Newark – The Delaware State Police have arrested a Newark man for possession of ammunition and a crossbow after it was determined he was federally prohibited.

The investigation began on Thursday February 23, 2017 when

troopers responded to a residence in the 1000 block of South College Road for a report of someone shooting at their residence. The residents of the home heard a popping noise the previous day (Wednesday February 22, 2017) while in the first floor bathroom and then again Thursday when damage was observed to a window and the bathroom wall. A similar incident was reported from the same household back on November 14, 2016 when a small caliber round was located in the wall of the first floor bathroom.

While conducting the investigation into the most recent events, detectives were able to determine that the projectiles came from a residence located in the 800 block of Cobble Creek Curve which is across both lanes of South College Avenue (SR896). Detectives also located a paper shooting target on a berm just outside the residence, when if a round was fired too high, no other structures, residences, or cars would obstruct the path of the projectile and it would cross SR896, striking the victim's house.

A computer inquiry into the homeowner, who was identified as **Drew R. Chicklo**, 31, revealed he was federally prohibited from owning any firearms due to an August 2013 conviction of Unlawful to Receive a Firearm Not Registered.

On Friday February 24, 2017 around 1:08 p.m., detectives with the assistance of the Delaware State Police Special Operations Response Team, the New Castle County Police, and ATF, executed a search warrant at the residence in the 800 block of Cobble Creek Curve and took Drew Chicklo into custody without incident. Upon conducting a search of his residence, detectives located an empty rifle magazine and another rifle magazine loaded with .22 caliber rounds. There were also numerous spent .22 caliber shell casings in a rear second floor bedroom, a crossbow with bolts, a hunting rifle scope, a hunting knife, and a machete. It was also determined through the investigation that Chicklo's Delmarva Power service had been terminated in July of 2016 after he failed to pay his

bill. He then tampered with the electrical box in order to restore his power and acquire an unknown amount of power usage. According to Delmarva Power, the estimated minimum amount of \$1,800.00 worth of electricity was stolen during that time period.

Drew Chicklo was transported back to Troop 2 where he was charged with Possession of a Deadly Weapon by a Person Prohibited (Felony), Theft of Services (Felony), and Non-Compliance with Conditions of a Bond (Felony) after he and his ex-fiancé were seen together at his house the night of the 23rd knowing that there was a Protection From Abuse order in place. Chicklo was arraigned at JP2 and committed to Howard R. Young Correctional Institution on \$35,000.00 cash bond.
