INTRODUCTION

This annual compilation of the 2020 crash statistics shows information for crashes occurring on public roadways which produced injuries and / or property damage over \$1500. Crashes investigated by all police agencies in Delaware are included in the statistics unless otherwise noted.

Comparisons to past statistics should consider the impact of the COVID 19 pandemic and the resulting state of emergency starting in March. Travel restrictions, work at home orders, business closures, etc. significantly impacted "normal" societal activities. As a result, traffic crashes in 2020 declined from the previous year's total by a significant number (17%).

Delaware's Annual Traffic Statistical Report for 2020 is available for viewing and printing from the Delaware State Police website http://dsp.delaware.gov/reports Current as well as past Reports are available from this site.

Publication date of report: April, 2021

DelawareCrash - Crime Clock

Delaware Crash - Crime Clock

The Delaware Crash - Crime Clock compares 2020 crash data to crime data from 2020 -- crime data entered as of 03/11/2021. For purposes of this clock, the definition of a violent crime is a crime that involves homicide, human trafficking, kidnap and abduction, forcible sex offense, robbery, or aggravated assault and a property crime is a crime that involves burglary, larceny, motor vehicle theft, or arson.

- * Total crashes include non-reportable crashes, i.e. non-injury crashes with property damage estimates less than the property damage threshold, crashes occurring on private property, etc.
- ** Total crimes include Group A crime complaints only from National Incident Based Reporting System (NIBRS) Report.
